FAMILY RE-UNION

A very unexpected though happy event took place at the home of Mr. and Mrs. M. D. Askin on Wednesday, August 12th.

After a lapse of 17 years the family were again united with all the family connections except Mr. Richard Bland the only son-in-law. Those present were Mr. and Mrs. Roy Askin and son William, of Irma; Mr. and Mrs. Robert Askin and family, Alfred and Aloise, of Port Arthur, Ont.; Mrs. Richard Bland and children, Richard, Gary and Sylvia, of St. Louis, Mo.; Mr. and Mrs. Cecil Askin of Lodi, Calif.; and Thomas Askin of Irma.

A nice number of pictures were taken of all the family, including several three-generation pictures, after which all sat down to a sumptuous buffet luncheon. The evening was spent in happy reminiscences of old times and many hearty laughs. The guests outside the family included Mr. and Mrs. A. E. Blakely and daughter Elsie, Mr. and Mrs. M. Hill, Mr. and Mrs. W. N. Fricke and Mr. and Mrs. E. W. Carter.

"I wuz out to do Washington's to a bridge party las' night and won de secon' prize."
"What wuz de secon' prize?"
"I got to kiss de hostess."
"Mah goodness, what wuz de fust prize?"
"A dime."

ANOTHER PIONEER PASSES AWAY HERE

Mrs. Aurilla Brown Whiteley
A member of a family claiming descent from the Pilgrim Fathers, was born at Cape Sable Island, Nova Scotia, in November, 1856. She moved to Boston, Mass., in 1896, where she was married to Wm. H. Whiteley and later moved to Toronto. In 1907 they decided to come west and took up a homestead in what is now the Paschenedale district, by way of Vermilion, residing there until the time of her death.

She had been under the doctor's care for a short time, due to high blood pressure. On Sunday, August 9th, she was taken to the Wainwright hospital, where she passed quietly away the following day.

A woman of a kind and quiet disposition, she made a host of friends in the Paschenedale and surrounding districts. She leaves to mourn her loss her husband, Mr. Wm. H. Whiteley and two sisters in Boston, Mass.

The funeral was held in the Irma United church on Thursday afternoon, August 13th, conducted by the Rev. E. F. Kemp. The choir assisted in the singing of the hymns, O God Our Help in Ages Past, Son of My Soul, and Jesus Savior Pilot Me. The pallbearers were Messrs. J. A. Thompson, John Dalton, F. Ford, T. Slipper, R. L. Shotts and W. Goodwin.

Beautiful floral tributes were received from: Dad, Gordon and Elsie; Billy and Bobby; Wm. New, Monty and Dolly; Wm. Dalton and Dorothy; Mrs. Ceasar, Frank and Ford and family; Mr. and Mrs. Haun; Mr. and Mrs. McFarland; Mr. and Mrs. Frickston; Mr. and Mrs. Goodwin and family; Members of the Glendale Club.

THE GLENDALE CLUB

The above club met at the home of Mrs. Hudson on August 6th with a good attendance of members present.

The meeting was opened by singing "Sweet Bunch of Daisies" and the roll call answered by hints on canning. Mrs. Goodwin gave a very interesting talk on her trip to Little Fort, B.C., which was very much enjoyed by the members. A talk on preserving by Mrs. New and a recitation by Cynthia Nottingham were much appreciated items. The contest put on by Mrs. Parson was won by Mrs. Goodwin and the raffle won by Mrs. New. Current events by members and the singing of "Put on Your Old Grey Bonnet" brought to a close another very pleasant afternoon. The hostess then served a lovely lunch and a half hour was spent over the tea cups. The next meeting will be held on September 3rd. Mrs. Radmore was a welcome visitor.

The Women's Institute

DENTAL CLINIC

A dental clinic will be held in Irma on Wednesday, August 26th, at Dr. Coursier's office to commence at 9 a.m., under the auspices of the W. I. This is being sponsored for children pre-school and high school are who have been unable to afford dental work done owing to drought and crop failure. Please get in touch with Institute members in your district or write secretary. Will all Institute members please get in touch with anyone in their district whose children want dental work done so that a list of these names can be given to the dentist in good time. Mrs. Chas. Wilbraham, secretary.

UNIONISTS WIN QUEBEC ELECTION

Quebec, Aug. 18.—Maurice Duplessis and his Union Nationale rode to power in this province last night on a tidal wave of votes that left in crumbled ruin the defenses of Premier Adolphe Godbout's Liberal regime.

At midnight the standing showed 76 Union Nationale candidates elected to a bare 14 for the Liberal cause. This count was not absolutely final, however, as the vote in several constituencies was so close a few votes one way or the other could upset the result.

But there was no mistaking the definiteness of the mandate given Mr. Duplessis. From the polls closed, at six o'clock, it was evident the Liberal dynasty which had ruled the province for just short of 40 years was doomed.

MARRIAGES

TAYLOR — BALLENTINE

A very pretty wedding was quietly solemnized at the residence of Mr. J. Ballentine, north of Fabyan, Alta., on Wednesday, August 12th, when his sister, Helen Lees, became the bride of Mr. George Anson Taylor. The only guests were the immediate relatives and a few near neighbors, including Mrs. J. Ballentine, mother of the bride, and Mrs. A. A. Taylor, mother of the groom. The ceremony was performed by Rev. E. F. Kemp, of the United church, Irma.

Entering the room to the strains of a wedding march, the bride was attended by Miss Doris Gray as bridesmaid, while the groom was supported by his brother, Mr. Gerald M. Taylor, as best man. The bride looked a picture of radiant beauty, attired in a lovely gown of white silk net, with a Juliet cap to match of net and seed pearls. She carried a bouquet of sweetheart roses. The bridesmaid wore a dainty frock of rose pink organza, with touches of blue, and carried a bouquet of pink sweet peas.

Following the ceremony a delicious and satisfying dinner was served by Mrs. J. Ballentine Jr., who acted as hostess. Early in the evening Mr. and Mrs. Taylor left by motor for Edmonton and Pigeon Lake, where they will spend a short honeymoon. The bride travelled in a tailor made costume of grey beige, with dark brown accessories.

The groom's gift to the bride was a jade pendant; to the bridesmaid a silver bracelet; to the best man, a silver cigarette case. The bride's gift to the groom was a signet ring in onyx and gold.

Upon their return they will reside in Kinsella, Alta., where the groom is principal of the school, whither the very best wishes of hosts of friends follow them.

LADIES' AID MEETING

There were 15 members and four visitors at the regular August meeting of the Irma Ladies' Aid held at the home of Mrs. Simmons last Thursday afternoon. Considerable business in connection with the bazaar was put through and a number of pairs of pillow cases given out to be worked.

It was moved by Mrs. Smallwood, seconded by Mrs. Hager, that the aid sponsor a community sale for the purpose of raising funds for installing a furnace in the church and what else might be required.

The September meeting will be held at the home of Mrs. James Fenton instead of Mrs. Ostergout's as per program. Devotionals by Mrs. Simmerman, paper by Mrs. Kemp, and the hostesses will be Mrs. Shaw and Mrs. McLeod.

Minutes of Meeting Buffalo Coullee Municipal Council

August 8.—Buffalo Coullee M. D. Council meeting was held in Saltuax school with Mrs. Hetherington, Phaeasy, Ramsay, Hills, Dew and Currey present, Reeve Phaeasy presiding.

Minutes of July 4th were read and confirmed on motion of Cr. Hetherington.

Monthly statement for July was read and signed by the Reeve.

Hospital notices for the month were read.

Relief for the month of August was authorized as follows: John Kane \$5, Chas. Golisch \$5, W. E. Judson \$5, Mrs. Edith Harris \$15 and rent \$5, Hermidos Guyon \$5 rent, T. G. Upshall \$5.

Information was given that Thos. Johnstone had withdrawn application for deportation and secretary was instructed to write Immigration authorities advising that deportation should be proceeded with and to give full information in this connection.

Cr. Dew reported action taken with regard to medical treatment for Mr. Montpetit. Cr. Hills carried that action be approved.

Cr. Dew carried that a rope and pulley be supplied for well for Mrs. Harris.

Cr. Ramsay carried that Municipal doctor's salary be paid each month as due and that money be borrowed from bank, if necessary.

Mr. S. Hamilton was present soliciting orders for Adams Co. No orders were given.

The Reeve reported action taken re Pollard and Wright cases. Cr. Hills carried that report be adopted.

Correspondence read re: Wild lands tax on N.E. 24-48-7-4; Canadian Bank of Commerce at Vermilion; A. Souter re Prosperity Bonds; Board of Review; H. McAttee.

Letters were read regarding arrears of taxes on reverted school lands. Secretary instructed to write those in arrears.

R.C.M.P. Collett from Wainwright was present to report re Nienchepuk mother's allowance. Secretary's inspection report was read and Cr. Ramsay carried that Council recommend that allowance be reduced to \$30 a month.

Mr. Angus Stuart was present on behalf of Scotstoun S. D., protesting against the Guyon family being placed in the S. D., necessitating the purchasing of additional equipment for said school. He was advised that the family was being moved to another school district.

Application for old age pension for Percy Fielding was presented. Cr. Dew carried that full pension be recommended.

Letters were read re Mrs. Marie Emsland mother's allowance. Cr. Ramsay carried that allowance be reduced to \$10 a month. Also one from Dr. W. W. Bell re Mrs. Emsland account.

count. Secretary to advise not indent.

Cr. Dew carried that Cr. Hills be a committee to interview parties re lease of W. half 7-49-8-4.

A letter was read from J. A. MacKenzie re account of Mrs. Maynes and Middlemass for services rendered Simpson family. Secretary to write for further information.

Circular letter re Seed Grain collections was read. Secretary to send lists to elevators as suggested, getting same printed if necessary, and to make a seizure in all cases where seed grain has been supplied and unpaid. Also seizure to be made on all parcels where there are arrears of taxes not consolidated for the amount of the current taxes and 10 per cent of the arrears, and where consolidation agreements are not in good standing for the amount owing on the agreement up to the end of 1936.

Cr. Currey carried that tax sale be deferred until Nov. meeting.

A letter was read from the Alta. British Settlers' Assoc., secretary to reply endorsing same.

A letter was read from Chris Cadka that he had decided not to lease the N.W. 4-49-8-4 unless he could do so for half the taxes. Cr. Hills carried that no action be taken.

Further correspondence re J. T. Addison pension. The Reeve carried that Cr. Hills interview Mr. Addison.

Cr. Hills carried that the arrangements made by the Reeve for housing for the Guyon family be approved and that Guyon be advised that he must move to the N. W. 32-37-8-3, one month from date of moving to L. Smith's house.

Secretary was instructed to write the Hon. W. A. Fallow protesting that no prosperity bonds had been allotted to this Municipality in Vermilion constituency and pressing the advisability of a generous apportionment being made immediately for the benefit of people on relief and for those who have lost their crop by hail.

Cr. Hills carried that order for \$5 given to R. Kratyk be approved, and Cr. Ramsay carried that roadwork done by Joe Nephew be applied on relief.

Cr. Dew carried that timesheets be paid.

Cr. Hetherington carried that accounts be paid.

Next meeting September 12, at 10.30 a.m.

The old Indian was riding along the road on his pony, while his squaw followed on foot, heavily burdened with luggage.
"Say, Redskin, why isn't your wife riding?" asked a passing motorist.
"Ugh," answered the Indian, "she got no pony."

British Sentiment Still Dominant

If the face of Canada, the outward form of the country as expressed in customs, modes of life and even forms of speech, is becoming more Americanized with the march of time, the heart of the Dominion, as represented in the spirit, the sentiment of her people, remains as truly British as in United Empire Loyalist days.

The foregoing, in brief, is the answer to those timorous souls in this country or in Great Britain, who ever and anon raise the bogey of ultimate American domination of Canada and see in the adoption of every new device from the United States another nail in the coffin which is supposed to be in construction for the interment of the tie which binds this country to the Motherland.

Those who raise the issue in fear and trembling, overlook the fact that the inevitability of the tie constitutes its great strength, because it is the spirit within and not the nature of the outward shell which guides the destinies of nations, even as it does of the individual.

Something of this truth must have inspired the remarks of Carl Goldenberg in an article in the June issue of the *Fortnightly*, published in London, England under the caption "Americanization of Canada" in which he disavows the effects of the American influence in this country of some of the terrors which it inspires in timid or reluctant breasts.

"The alleged 'Americanization' of Canada," says Goldenberg in a very thoughtful and analytical article, "is usually regarded as a regrettable and undesirable trend. It is too often forgotten that Canada does not have to be 'Americanized,' because Canada is a North American nation.

"The 3,000 miles of boundary that separate Canada from the U.S.A. are a purely imaginary line. The people on each side of this line, in the main, speak the same language, have the same habits and ways of thought, and dress in similar fashions. They see the same moving picture films, they listen to the same radio programmes and they read the same periodicals. Every day thousands cross the boundary line each way as though it did not exist. And proximity makes all this inevitable. Great Britain, after all, is separated from Canada by the width of the Atlantic Ocean."

Mr. Goldenberg might have added that this very proximity, this growing intercommunication which is being accelerated with improved forms of transportation and by increasing trade relations will just as inevitably result in increasing the American impress on Canadian externals with greater celerity as time goes on.

Quoting statistics the writer goes on to point out that the source of Canadian capital has shifted from London to New York since the Great War, but sees nothing terrifying in that, for he adds:

"In answer to the bogey of 'American economic penetration' it may be pointed out that, although U.S. investments are very extensive in so far as the 'key' industries of Canada are concerned, they are not subject to American economic control, nor do they seek to promote American political influence. In any event, Canada is rapidly ceasing to be dependent on foreign capital and is actually becoming an exporter of capital. Canadian investments abroad now amount to almost \$2,000,000,000."

Despite these geographic and economic American influences on Canadian life, "it is important to remember," says Mr. Goldenberg, "that Canada's political system is British and the majority of her population is of British origin. There exists a strong sentimental attachment to the mother country and the Crown."

And if that were not sufficient to ensure the preservation of the British influence in the hearts of the people of this country there is the loyalty of the French-Canadian population to be reckoned with as a factor. That is Mr. Goldenberg's opinion as expressed in the following words:

"They (the French-Canadians) are devoted to the country and particularly Quebec and jealously guard their constitutional rights. They are wary of any change which might affect the relative importance of their status in Canada. Hence they oppose immigration. They also fear the influence of the U.S. and oppose 'American penetration.' They value the British connection very highly and oppose attempts to transfer the power to amend the British North America Act, which embodies their rights, from the British Parliament to the Canadian Parliament."

More arguments might be advanced in support of the general contention that there is little need to fear the so-called American penetration but enough has been said to allay serious alarm on that score and especially when it is remembered that destiny is dominated by the spirit rather than the material.

World Wool Production

Yield Expected To Be Higher In U.S. And Canada

World production of wool this year is expected to be about 3,250,000,000 pounds. This does not include the crops of Russia and China, on which no report is available. The United States and Canada may have a little larger yield than last year. The Union of South Africa and New Zealand report increased numbers of sheep. Australia has fewer but wool yield is better than last year.

The careful driver came to the railroad crossing. He stopped, looked, and listened. The only sound he heard was the car behind crashing into his gas-tank.

Don't forget you are part of all the people who can be fooled some of the time.

Souvenirs For School Children

English Scholars To Get Coronation Mugs Autographed By King

The British Pottery Manufacturers' Federation makes the announcement that, in connection with the Coronation ceremonies of next year, "millions of school children in all parts of the Empire will become the proud possessors of the King's signature."

It appears that King Edward has expressed his willingness to autograph the approved competitive designs of Coronation mugs and beakers manufactured by British pottery concerns. The souvenirs will be distributed by the million to the Empire's school children.

It is another instance of King Edward's thoughtfulness which amounts to positive genius. It means a much-needed stimulation of the British pottery trade, and this action of His Majesty, as an readily recognized, has drawn the most favorable comment.—Halifax Herald.

Hubby: "What possessed you to choose lemon color for your new dress?"
Wife: "Because I had such a job squeezing it out of you."

Alligator tail is considered one of the best foods by Negroes of the South.

Farmers of England are drying grass artificially to get five crops of hay a year.

Reception To Aviators

Welcome In Moscow To Soviet Long Distance Flyers

A million Muscovites roared a tumultuous welcome to three Soviet long-distance flyers on their return from Siberia.

After landing at a military airport 25 miles from Moscow, the aviators were driven to the Kremlin through streets and highways massed with cheering humanity. There they were received officially by Joseph Stalin.

The immensity of the homecoming reception and the emphasis on the flight in the press—which has been devoting almost entire editions to the trio—is unprecedented in Soviet aviation.

The flip-flop short of its goal but its sponsor, the commissariat of heavy industry, said its purpose was fulfilled and acclaimed it a success.

The flyers—Chkaloff, Baidukoff and Belyakoff—landed July 22 in Siberia after a 3,800-mile, non-stop flight in their single-engine plane.

They were ordered down by radio when they encountered a stiff wind and a shortage of fuel. Their goal was Chita or Irkutsk, Siberia.

Recovery In Britain

Emergence From Depression More Marked In Britain Than In U.S.

The League of Nations Monetary Review described deflation in the United States as being much greater than that in the United Kingdom, and American industrial recovery from the depression relatively less marked.

Drawn for the express purpose of comparing the progress of recovery in Great Britain and the United States, the Review's report said:

"In the United Kingdom the only direct monetary action taken by the government to stimulate production was to encourage the development of cheap money, while in the United States a long series of recovery measures was introduced."

"Cheap money in the United Kingdom was the result of banking policy, while in the United States it was achieved at a cost of heavy additions to the national debt."

The report added increased production in the United Kingdom took place without any considerable rise in prices, whereas in the United States prices rose more sharply.

Red Army Grows

Now Have Trained Reserve Of About Ten Million Soldiers

The first Russians born under Communist rule were ordered to join the giant Red army.

The government reduced from 19 to 21 years the age limit for compulsory military service, opening the ranks of the fighting service for the first time to those born after the revolution of 1917.

Large increases in the Soviet army and reserves were made possible under the decree, which was described as possible because of the general physical development of the nation's youth.

"Although the order was effective immediately, it will not go into full force until 1940 to allow the army to absorb gradually the increased number of recruits."

Latest authoritative information placed Red army strength at 1,300,000 men as of Jan. 1, 1936. In addition, the Bolsheviks estimate they have a trained reserve of about 10,000,000 soldiers.

Win Song Festival

Thirty Girl Guides From Vancouver Compete In Wales

Thirty Girl Guides from Vancouver who didn't know what they were singing won first prize in the choral section of the Welsh Eisteddfod festival in Fiesguard, Wales.

The Elgar Junior choir, which travelled nearly 6,000 miles to compete in the festival, sang well enough to be classed above native chorists—but they sang in the Welsh tongue and knew little of what the words meant.

For weeks before they left the girls received extensive training in the pronunciation and inflections from a Welsh teacher at Vancouver. They also had to learn to tie knots and do good deeds to fill the requirements of full-fledged Girl Guides, a requisite of entry in the festival.

"Why don't you read this book of world history from 5000 B.C. to 1935 A.D.?"

"Aw, I looked at it, and don't like the way it ends."

Motor vehicles registered in England in March constituted the highest number for any month in the country's history.

Twenty-two tons of feathers were shipped by rail recently in England.

Lives On Vegetables

Shaw At Eighty Is Physical And Mental Marvel

George Bernard Shaw has reached his 80th year. G. B. S. is a vegetarian. So whatever Shaw is today, the credit, or the blame, can be given to vegetables and fruit. He is not, as he says of his meat-eating friends, one of the carnivores. Comports of carrots appeals to him more than a burly beefsteak, a baked apple more than a black bass. At 80, Shaw has one of the most active and alert minds in the world; physically, he will walk or swim most men half his age into exhaustion. A great many men believe they would tire easily or be unable for hard physical labor if they did not eat plenty of meat. The meat eater will also probably agree that he should take plenty vegetables, preferably uncooked, but he would laugh at the idea of doing a day's work every day on an exclusively vegetarian diet.

Shaw is a physical and mental marvel at 80, and he is never ill.

WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of fluid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body and you feel sour, sick and the world looks pink.

A new liver movement doesn't always get at the cause. You need something that works at the liver as well. It takes these good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless and gentle, they make the bile flow freely and do the work of calomel but have no calomel or mercury in them. Stubbornly refuse anything else. See.

An Unusual Operation

Transfusion Of His Own Blood Saved Boy's Life

A transfusion of his own blood received credit for saving the life of Sam Owen, Jr., 11, of Bassett, Arkansas.

Accidentally shot recently while at play Sam was brought to a hospital in Memphis, Tenn. The bullet followed a diagonal course through his body, stopping in his right arm.

The wound above the heart bled little on the outside, but internal tears caused blood to accumulate on the right side. Hospital surgeons, making three incisions there, found the blood clean and pure.

They removed the blood from the vein and injected it back into the veins by a transfusion in his leg. Attendants said this saved the lad's life.

Would Find Many Changes

Mother Superior Sees Outside World After 47 Years

When Sister Mary Plus, mother superior of a Dominican convent at New Orleans, Louisiana, went to Toronto to see her sick brother, it was the first time in 47 years she had been in the outside world. She had not been outside the walls of the convent in that time. The brother, John McMullen, and the nun, now 70, had not seen each other since they said goodbye in Ireland when she left to enter the convent.

Historic Graves Found

Beneath the tall grass of a little abandoned graveyard in Stormont county, in Eastern Ontario, have been found the graves of John Sandfield MacDonald, first Premier of Ontario, and Simon Fraser, famed Canadian fur trader, who was the first white man to view the Pacific from the western shores of this continent.

Prospective Home Owner: "And I want you to design the house so that we save all unnecessary steps."

Architect: "I see. You want the bedroom, kitchen, and garage in a straight line."

Plans Have Been Approved

Simplicity Is Keynote Of King George Memorial At Windsor

Plans for the monument to King George at Windsor—the town from which he selected the royal family's present surname—have received approval from King Edward and Queen Mary.

A tender for execution of the work has been accepted, and the memorial should be ready for unveiling next spring, when King Edward is expected to preside at the ceremony.

Sir Edward Lutyens has designed the memorial so that the central feature is a stone cenotaph of massive dignity, yet simple in ornament. On the top is a carved representation of the royal emblems resting on a cushion.

Upon the steps leading up to the cenotaph will be carved the inscription:

George V.
First Sovereign of the House of Windsor
Below and in front of the monument will be a rectangular basin of water, with two raised fountains, one on each side. The site of the memorial is directly below the walls of Windsor Castle and in the centre of the town.

SELECTED RECIPES

LADY BALTIMORE CAKE

1/2 cup butter
1 cup fruit sugar
Whites of 4 eggs
2 teaspoons Magic Baking Powder

1/2 cup milk
1/2 teaspoon almond or rose extract
2 cups flour

Sift flour and baking powder together three times. Cream butter, gradually adding sugar. When very light and smooth work in the milk, then gradually whip the stiffly beaten egg whites into the mixture. When all these ingredients are well blended, add sifted flour and baking powder; stir just enough to mix well; add flavoring. Pour into greased layer tins. Bake in moderate oven. When cool put together and cover top and sides with the following mixture:

1 1/2 cups sugar
1/2 cup water
1 cup walnuts or pecan nuts
6 eggs

1 cup stoned raisins
Whites of 2 eggs
1/2 teaspoon vanilla
1/2 teaspoon Magic Baking Powder
Cook sugar and water to 242 degrees F. or until syrup threads, remove from fire immediately. Pour in narrow stream on stiffly beaten egg whites, beating continually until thick. Add vanilla, baking powder and finely-chopped fruits and nuts.

Force Of Wind

The force of wind increases with the square of the velocity. A 30-mile wind compares with a 10-mile wind as 900 compares with 100. For this reason, a small increase in velocity accounts for a great increase in wind damage.

Manufacture of confections is worth \$225,000,000 a year in England. The trade supplies work for 49,350 women and 24,650 men.

Two hundred and twenty-seven automobiles ran into the sides of trains in Pennsylvania in 1935. None of the trains was badly injured.

Search May Be Ended

Tibetans Believe New Dalai Lama Has Been Found

"Ah Ka Ma"—the mystic three-word clue said to have been revealed to the regent of Tibet while he sat by the Holy Lake of Kail—may quickly end the nation-wide search for the reincarnation of the Dalai Lama.

Tibetans believe that the spirit of the Dalai Lama, supreme ruler of the country and head of the all-powerful priesthood, enters, at the moment of death, the body of a baby born at precisely the same time.

The Tashi Lama, the second spiritual leader of Tibet, who is living in exile in China, has sent a remarkable letter to Lhasa, stating that he held a ceremony at the "Caraval of Purification," attended by thousands of Buddhists from China and Tibet.

During the ceremony, he says, a woman, holding in her arms a two-year-old child, approached the Tashi Lama and caught hold of his body. After the ceremony the Tashi Lama ascertained that the woman is "Kamato," wife of a man in the region of Amdo. It is believed in Lhasa that this child may be the reincarnation of the Dalai Lama, who died two years ago.

The regent's vision revealed the words "Ah Ka Ma." It is supposed that "Ah" indicates the Amdo region and the "Ka" and the "Ma" indicate "Kama," the name of the child's mother. This new "revelation" is now being considered by the Great Lama's government in Tibet.

Look Part In Ceremony

Maid Helped Inaugurate Automatic 'Phone System In Portugal

How she helped inaugurate the automatic telephone system in Lisbon, Portugal, has just been learned by the housemaid in the home of the Prime Minister. A demonstration had been arranged at which the President of the Portuguese Republic was to speak to the Prime Minister, and the conversation broadcast. The call was put through. Due to a misunderstanding the Prime Minister was out, and the maid answered.

"Well, how's the ceremony getting on?" she asked, "I'm sure I shall never learn to use this new-fangled clocklike thing." To this the President replied: "Oh, the ceremony is going off extremely well. Do not be afraid to use the clocklike thing. I have found it extremely simple to ring up." And the ceremony was over.

A Fine Record

During the last ten years 1,450,000 railway passengers have been carried in New South Wales without one fatality caused by railway operations. This statement is made in official statistics just issued, which state that 145,000,000 passengers are carried every year on the State railways.

Was Too Efficient

A mechanical man, made of iron, which has been "performing" with a revolver at the exhibition at San Diego, California, was firing at a target when it turned round and shot its creator, Mr. Henry May, in the head. Mr. May is recovering.

Francois Boissier, French inventor, perfected a storage battery in which iodine is the active material.
